Chicago, IL. June 16, 2006 -- midPhase, a Chicago, IL web hosting provider, today announced the winner of its 2006 Car Giveaway Sweepstakes. The winner is Linda Howard, an Oregon native.

midPhase received around 25,000 total entries between September 1st, 2005 and April 30th, 2006. Linda, the winner, was a mail in entry. The prize was selected by Marketing Resources, Inc. of Elmhurst, IL -- a third party sweepstakes management firm contracted by midPhase to select a winner.

"The sweepstakes was an absolute success! Linda, the winner, took the cash option of \$15,000, so unfortunately we won't have any pictures this time of her cruising down the street in a new car." said Mark Lee, Director of Operations.
